

March 16, 2011

Dear Liberty Members,

It doesn't seem possible that almost a year has passed by since we were at Lake Junaluska, NC, for our last Liberty Summer Family conference. I was thinking that with all that is happening in the world this would be a good time to get away! We, as Pastors and leaders, need some down time to renew our perspective on life, ministry, and our churches. This is what every summer conference does for me.

If you've never been to Lake Junaluska you owe yourself a vacation. It's a beautiful retreat center. We are staying in the Terrace Hotel which is new for us this year. Great facilities to handle all our needs! (<http://www.lakejunaluska.com/terrace/>) And you just can't improve on the Smoky Mountains and surrounding area for scenery.

Allen Avery will lead the worship this summer. Allen led some of the worship at NE Regional Conference this year and did a great job.

Our children as well as our nursery will be staffed with quality child care from the nearby New Covenant Church, in Clyde, NC. They did an outstanding job in our nursery last year.

The Broken School of Ministry interns will lead the youth ministry. These are students that are being trained for ministry with LF. Don't miss this opportunity for your teens.

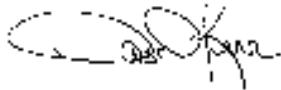

In keeping with our desire to foster friendships and fellowship, we have a number of things planned: Monday evening- Welcome Reception; Tuesday all day- Family time; Tuesday evening- Game Night (bring your favorite games!); Wednesday evening- Ice Cream Social.

Michael Bailey will oversee our Golf Tournament on Tuesday. Bruce Terry will be hosting White Water Rafting on Tuesday. See inserts for more information.

Steve McVey, author of *Grace Walk* and other books will be our speaker on Tuesday evening and Wednesday morning. He will challenge us about the impact of the grace of God in our personal lives and ministries! We will have other anointed speakers that will minister as well as great relevant workshop speakers. As we did last year, we are doing the workshops on Wednesday evening. This entire ministry time is in keeping with our purpose of providing continued training for our members.

So, this is going to be an action packed summer conference. Please begin to plan now to join us. Don't let the U.S. economy keep you from coming- you belong to the Kingdom of God and it suffers from no recession! Our God is able to supply our every need in Christ Jesus. See you this summer!!!

Blessings,

David Kerr
